most public debate on reunited germany has emphasized economic issues such as the collapse of east german industry mass unemployment career difficulties and differences in wages and living standards the overwhelming difficulty resulting from reunification however is not persisting economic differences but the internal cultural divide between east and west germans one based upon different moral values in the two germanies the invisible wall that has replaced the previous highly visible territorial division of the german nation is rooted in issues of the past the nazi past as well as the

german democratic republic past in emphasizing economic differences the media and academics have avoided dealing with typically german cultural traits these include the psychological posture of west germany which emphasized not differences between east and west but the break with germany s nazi past the adversarial posture of certain professional groups in east germany towards the liberal and democratic values of west germany have also been an obstacle reviewing the problems accompanying reunification chapter 1 explores german culture and history and the moral lessons evolved from the nazi past chapter 2 focuses on the east west mindset and how differences in attitude affect efforts to adapt to reunification chapter 3 discusses the simulated break with nazi germany in the german democratic republic chapters 4 5 and 6 analyze the roots of the adversary posture of the professional groups in east germany towards the values of the berlin republic chapter 7 demonstrates the strong presence of inherited typically german cultural traits among east germans such as a lack of individualism suspicion of strangers and obedience to authority chapter 8 documents the extent to which a right wing extremist culture has remained latent in eastern germany chapter 9 documents the extent to which moral reasoning in the gdr relieves the individual of any kind of responsibility for the actions of the state reproducing the way ordinary germans rationalized their participation in the nazi regime immediately after world war ii chapter 10 concludes with an overview of the historical and sociological factors revolving around the discussion of nazi germany the gdr and inner unification this volume will be important for historians political scientists anthropologists sociologists and a general public interested in germany s reunification

examines the period of the decline of the roman empire discussing the economic social political religious and military factors which led to its final downfall

an fbi veteran explains how the mueller comey cabal turned the fbi from a swear to tell the truth law enforcement agency to a politicized intelligence organization americans have lost faith in the federal bureau of investigation an institution they once regarded as the world s greatest law enforcement agency thomas baker spent many years with the fbi and is deeply troubled by this loss of faith specific lapses have come to light and each is thoroughly discussed in this book why did they happen what changed the answer begins days after the 9 11 attacks when the fbi underwent a significant change in culture to understand how far the bureau has fallen this book shows the crucial role played by the fbi and its agents in past decades it was quite often as the reader will see from these firsthand experiences a fun filled adventure with exciting skyjackings kidnappings and bank robberies at the same time the reader will see the reverence the bureau had for the constitution and the concern agents held for the rights of each american this book is not mere memoir it is history from the shooting of president reagan and the death of princess diana to the twa 800 crash and even getting marching orders from st mother teresa baker s story shows how the fbi has played a pivotal role in our country s history

the development of the mythological school of european biblical criticism

the presidency of george w bush has led to the worst foreign policy decision in the history of the united states the bloody unwinnable war in iraq how did this happen bush s fateful decision was rooted in events that began decades ago and until now this story has never been fully told from craig unger the author of the bestseller house of bush house of saud comes a comprehensive deeply sourced and chilling account of the secret relationship between neoconservative policy makers and the christian right and how they assaulted the most vital safeguards of america s constitutional democracy while pushing the country into the catastrophic quagmire in the middle east that is getting worse day by day among the powerful revelations in this book why george w bush ignored the sage advice of his father george h w bush and took america into war how bush was convinced he was doing god s will how vice president dick cheney manipulated george w bush disabled his enemies within the administration and relentlessly pressed for an attack on iraq which veteran government official with the assent of the president s father protested passionately that the bush administration was making a catastrophic mistake and was ignored how information from forged documents that had already been discredited fourteen times by various intelligence agencies found its way into president bush s state of the union address in which he made the case for war with iraq how cheney and the neocons assembled a shadow national security apparatus and created a disinformation pipeline to mislead america and start the war a seasoned award winning investigative reporter connected to many back channel political and intelligence sources craig unger knows how to get the big story and this one is his most explosive yet through scores of interviews with figures in the christian right the neoconservative movement the bush administration and sources close to the bush family as well as intelligence agents in the cia the pentagon and israel unger shows how the bush administration s certainty that it could bend history to its will has carried america into the disastrous war in iraq dooming bush s presidency to failure and costing america thousands of lives and trillions of dollars far from ensuring our security the iraq war will be seen as a great strategic pivot point in history that could ignite wider war in the middle east particularly in iran provocative timely and disturbing the fall of the house of bush stands as the most comprehensive and dramatic account of how and why george w bush took america to war in iraq

he contrasts the commonly held perception that the pace of technology is accelerating with the historical record he highlights the people and the organizations which are responsible for america s technological largesse the book follows the money to uncover the underlying trends the beginning of a decline in technology development is detected using indirect indicators for clues impacts on the formation of companies employment and productivity provide sobering reasons to enlighten others and demand a change in course after considering the possibilities the book proposes several constructive actions which avoid the proverbial tendency to throw more money at the problem the goal of the book is to provoke discussion and promote action where appropriate americans standard of living is at stake tech savvy readers will want to understand this issue so as to influence others long range thinkers will want to factor these considerations into their prognostications the titans of the technology based companies can develop new and improved strategies based on the findings of this book and our elected officials may want to act before a catastrophic disaster confronts the nation this book will strike a chord with everyone who is interested in america s future economic health specific audience groups include

scientists engineers entrepreneurs employees in technology based companies government and corporate policymakers deciding the future of research and development r d programs government workers involved in the execution of government r d programs and those thinking about a career in r d it is complementary to such works as politics and economics in america the way we came to be by richard e carmichael kriegler publishing company 1998 which explores political and economic history in order to explain the emergence of the united states world economic dominance carmichael s book makes recommendations on how government could assist america s businesses in maintaining our economic leadership but it does not address any aspects of technology development and associated issues closing the innovation gap by judy estrin mcgraw hill 2009 provides business leaders with concepts for leading their organizations so as to close the innovation gap with competitors it focuses on the innovation environment within the organization whereas dr gref addresses the complete technology development cycle its financing america s rise to global dominance and the specter of a national decline

in the crusader period acre was in many ways a remarkable place but the most striking thing about its history is the number of times it fell to enemies the present volume acre and its falls is unusual in that it analyses a wide range of aspects of the history of acre across the crusader period combining political military and cultural history with a notable emphasis on the memory of the city in europe this may have been a city famous for its falls but most certainly not for them alone contributors are adrian j boas charles w connell paul f crawford susan b edgington marie luise favreau lilie john france anna gilmour bryson john d hosler georg philipp melloni janus møller jensen j rubin and iris shagrir
